As part of the NSW Government’s Boating Now program to improve boating access to waterways in NSW, Wagga Wagga City Council has been granted funding to improve and expand the Apex Park car park, boat ramp and improve the shoreline. The proposed project will consist of the following works:

**Car Park**
- Removal of eleven trees and trimming of five
- Demolition of existing traffic islands and car park surface
- Creation of new traffic islands and kerbing
- Sealing of the existing and new car park area
- Planting of advanced native trees comprising of twenty three Red Box and five Yellow Gum in the area of the car park and surrounding areas

**Boat Ramp**
- Widening the upper section of the existing boat ramp from 7.5 metres to 8 metres to allow for 2 lane boating access
- Sealing the upper section of the boat ramp
- Marking of the 2 lanes on the boat ramp
- Installation of solar powered LED lighting

**Shoreline**
- Over an area of approx. 200 metres the existing concrete walls, shoreline and one tree will be removed
- New walls will be installed that will be constructed from a combination of Elcorock sand bags (or similar) and rocks to reduce erosion, improve the aesthetics and access to Lake Albert
- Coves will be installed to give havens for users to sit and provides a safe area for children to play
- Planting of advanced native trees comprising of four River Red Gums along the area of the shoreline works
- Additional bins will be installed along the area of works
- Boat tie up points will be installed along the shoreline

This project will provide an additional 15 boat trailer parking bays, 2 boat rigging bays, 22 car parking bays and 4 disabled parking bays.

With the improvements proposed it will greatly improve the efficiency and safety of the car park, boat ramp and shoreline in the vicinity of the boat ramp.

The project will be starting on Thursday 7th of April 2016 and finished on Thursday 30th of June 2016.
