Overview

Wagga Wagga City Council is constituted under the Local Government Act 1993 (NSW) and has its principal place of business at:

Corner Baylis and Morrow Streets
Wagga Wagga NSW 2650

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- principles applying to the exercise of functions generally by Council,
- principles to be applied when making decisions,
- principles of community participation,
- principles of sound financial management, and
- principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note B1-2.

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: wagga.nsw.gov.au.

Understanding Council's Financial Statements

Introduction

Each year NSW local governments are required to present audited financial statements to their council and community.

What you will find in the Statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2024.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

About the Councillor/Management Statement

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

About the Primary Financial Statements

The financial statements incorporate five "primary" financial statements:

1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, property, plant and equipment.

3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

About the Notes to the Financial Statements

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

About the Auditor's Reports

Council's financial statements are required to be audited by the NSW Audit Office.

In NSW the auditor provides 2 audit reports:

1. an opinion on whether the financial statements present fairly the Council's financial performance and position, and
2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

Who uses the Financial Statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the audit report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

Wagga Wagga City Council

General Purpose Financial Statements for the year ended 30 June 2024

Statement by Councillors and Management

Statement by Councillors and Management made pursuant to Section 413(2)(c) of the *Local Government Act 1993* (NSW)

The attached **General Purpose Financial Statements** have been prepared in accordance with:

- the *Local Government Act 1993* and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

To the best of our knowledge and belief, these statements:

- present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2024.

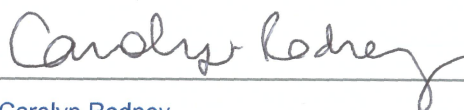

Dallas Tout
Mayor
28 October 2024

Georgie Davies
Councillor

A About Council and these financial statements

A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 28 October 2024. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The material accounting policy information related to these consolidated financial statements are set out below. Accounting policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (Act)* and *Local Government (General) Regulation 2021 (Regulation)*, and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain infrastructure, property, plant and equipment and investment property.

Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- i. fair values of investment property – refer Note C1-8
- ii. fair values of infrastructure, property, plant and equipment – refer Note C1-7
- iii. remediation provisions – refer Note C3-5
- iv. employee benefit provisions – refer Note C3-4.

Significant judgements in applying the Council's accounting policies

- i. Impairment of receivables – refer Note C1-4.
- ii. Determination of whether performance obligations are sufficiently specific and whether the contract is within the scope of AASB 15 *Revenue from Contracts with Customers* and / or AASB 1058 *Income of Not-for-Profit Entities* – refer to Notes B2-2 – B2-4.
- iii. Determination of the lease term, discount rate (when not implicit in the lease) and whether an arrangement contains a lease – refer to Note C2-1.

Monies and other assets received by Council

The Consolidated Fund

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993*, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

The Consolidated Fund has been included in the financial statements of the Council.

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

- general purpose operations
- sewerage service.

A1-1 Basis of preparation (continued)

The Trust Fund

In accordance with the provisions of Section 411 of the *Local Government Act 1993*, a separate and distinct Trust Fund is maintained to account for all money and property received by Council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these reports.

A separate statement of monies held in the Trust Fund is available for inspection at the council office by any person free of charge.

Volunteer services

Council utilises volunteer services across a range of functions including cultural facilities, the Glenfield Road Animal Shelter, parks maintenance and for environmental projects such as Clean up Australia Day.

As the services received by Council would not normally be purchased by Council and at times cannot be reliably measured, volunteer services have not been recognised in the income statement.

New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2024 reporting period. Council has not applied any pronouncements before its operative date in the annual reporting period beginning 1 July 2023.

As at the date of authorisation of these financial statements Council does not consider that any of these new (and still to be applied) standards and interpretations are likely to have a material impact on the Council's future financial statements, financial position, financial performance or cash flows.

New accounting standards adopted during the year

During the year Council adopted all accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective from the first time at 30 June 2024.

The following new standard is effective for the first time at 30 June 2024:

- **AASB 2021-2 Amendments to Australian Accounting Standards – Disclosure of Accounting Policies and Definition of Accounting Estimates**
- **Equivalent standard for JO's is AASB 2021-6 Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards**

The most significant change introduced by this standard is to remove the requirement to disclose significant accounting policies and instead require disclosure of material accounting policy information.

“Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.”

In applying the new requirements, Council has after taking into account the various specific facts and circumstances applied professional judgement to ensure it discloses only material accounting policies as opposed to significant accounting policies throughout these financial statements.

B Financial Performance

B1 Functions or activities

B1-1 Functions or activities – income, expenses and assets

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

\$ '000	Income		Expenses		Operating result		Grants and contributions		Carrying amount of assets	
	2024	2023	2024	2023	2024	2023	2024	2023	2024	2023
Functions or activities

B1-2 Components of functions or activities

Details relating to the Council's functions or activities as reported in B1-1 are as follows:

Community Leadership and Collaboration

Includes costs related to Council's planning and reporting, governance and customer service activities. Council activities include corporate governance and management, financial management and reporting, and information services.

Safe and Healthy Community

Includes services and actions Council takes to ensure the community's safety, from managing the physical environment to ensuring the health standard of the community including activities related to providing recreational spaces and programs for a healthy community. Council activities include parks management, recreational programming, and ranger and animal management services.

Growing Economy

Includes costs of providing assets and services to develop our transport networks and encourage economic growth as well as projects and events that make our city a great place to live and visit. Council activities include visitor economy, events management, economic development, and airport and livestock management operations.

Community Place and Identity

Includes costs of programs and activities Council delivers that bring people together including projects and programs that will help our spaces reflect our community. Council activities include operation and management of Wagga Wagga Regional Family Day Care, civic theatre, art and glass galleries, museums and Wagga Wagga City Library.

The Environment

Includes costs of all programs, projects and services that contribute to the sustainability of our community including managing our growth and impact on the environment, as well as protecting and maintaining our assets. Council activities including planning and development, environmental management and compliance, project delivery, sewer and stormwater services, building management and civil infrastructure management.

Less: pensioner rebates (mandatory)	(605)	(612)
Rates levied to ratepayers	48,334	46,343
Pensioner rate subsidies received	333	330
Total ordinary rates	48,667	46,673
Annual charges (pursuant to s496, 496A, 496B, 501 & 611)		
Domestic waste management services	11,093	10,466
Stormwater management services	735	731
Sewerage services	17,550	16,866
Waste management services (non-domestic)	690	662
Less: pensioner rebates (mandatory)	(522)	(521)
Annual charges levied	29,546	28,204
Pensioner annual charges subsidies received:		
– Sewerage	156	154
– Domestic waste management	129	127
Total annual charges	29,831	28,485
Total rates and annual charges	78,498	75,158

Council has used 2023 year valuations provided by the NSW Valuer General in calculating its rates.

Material accounting policy information

Rates and annual charges are recognised as revenue at the beginning of the rating period to which they relate. Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are recognised within the underlying revenue item based on their substance.

B2-2 User charges and fees

\$ '000	2024	2023
Specific user charges (per s502 - specific 'actual use' charges)		
Domestic waste management services	1,894	1,742
Sewerage services	5,416	4,712
Waste management services (non-domestic)	5,449	5,264
Total specific user charges	12,759	11,718
Other user charges and fees		
(i) Fees and charges – statutory and regulatory functions (per s608)

Timing of revenue recognition for user charges and fees		
User charges and fees recognised over time	157	158
User charges and fees recognised at a point in time	34,160	30,499
Total user charges and fees	34,317	30,657

Material accounting policy information

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods/services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival or a deposit in advance. There is no material obligation for Council in relation to refunds or returns.

Where an upfront fee is charged such as joining fees for the leisure centre the fee is recognised on a straight-line basis over the expected life of the membership.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than over the term of the licence.

B2-3 Other revenues

\$ '000	2024	2023

Container Deposit Scheme	666	623
Other	2,554	667
Total other revenue	5,228	3,572

Timing of revenue recognition for other revenue

Other revenue recognised over time	–	–
Other revenue recognised at a point in time	5,228	3,572
Total other revenue	5,228	3,572

Material accounting policy information for other revenue

Where the revenue is earned for the provision of specified goods/services under an enforceable contract, revenue is recognised when or as the obligations are satisfied.

Statutory fees and fines are recognised as revenue when the service has been provided, the payment is received or when the penalty has been applied, whichever occurs first.

Other revenue is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

Material accounting policy information

Grants and contributions – enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an agreement which is enforceable and contains sufficiently specific performance obligations is recognised as or when control of each performance obligations is transferred.

The performance obligations vary according to the agreement. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods/services at a single time (e.g. completion of the project when a report/outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

B2-4 Grants and contributions (continued)

Capital grants

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

Developer contributions

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act 1979* (EP&A Act).

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but Council may apply contributions according to the priorities established in work schedules for the contribution plan.

Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

B2-5 Interest and investment income

\$ '000	2024	2023
Interest on financial assets measured at amortised cost

Total employee costs expensed	49,889	45,963
Number of 'full-time equivalent' employees (FTE) at year end	519	515

Material accounting policy information

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

B3-2 Materials and services

Total depreciation and amortisation costs		49,752	41,854
Total depreciation, amortisation and impairment for non-financial assets		49,752	41,854

Material accounting policy information

Depreciation and amortisation

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives.

Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

Gain (or loss) on disposal		–	–
Net gain (or loss) from disposal of assets		(45,386)	(8,720)

B5 Performance against budget

B5-1 Material budget variations

Council's original budget was adopted by the Council on 26 June 2023 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

Material variations of more than 10% between original budget and actual results or where the variance is considered material by nature are explained below.

Variation Key: **F** = Favourable budget variation, **U** = Unfavourable budget variation.

\$ '000	2024 Budget	2024 Actual	2024 ----- Variance -----	
Revenues				
Rates and annual charges	79,701	78,498	(1,203)	(2)% U
User charges and fees	32,608	34,317	1,709	5% F
Other revenues	3,040	5,228	2,188	72% F
During the 2023/24 financial year, Council received significant unbudgeted income for its Gregadoo Waste Management centre and the reimbursement of the purchase price paid by Council for the acquisition of the property located at 54-58 Johnston Street.				
Operating grants and contributions	13,892	16,136	2,244	16% F
Council received unbudgeted operating grants & contributions income for the NSW Natural Disaster recovery program, Flood mitigation studies, Riverside Precinct and Airport business case developments, Housing Strategy, Winter festival and increased income from developers for subdivision tree plantings.				
Capital grants and contributions	43,631	49,318	5,687	13% F
Council's variance to budget for Capital grants and contributions for 2023/24 is mainly due to the recognition of non-cash contributions for developer constructed infrastructure assets dedicated to Council.				
Interest and investment revenue	4,874	8,741	3,867	79% F
Council's interest on investments significantly outperformed the originally predicted budget for the 2023/24 financial year. For the 2023/24 financial year, Council's investment portfolio returned 3.86% as Council was able to take advantage of increasing investment rates that were on offer.				
Other income	1,564	2,572	1,008	64% F
Other Income exceeded the budget due to Council's Investment Properties at 36-40 Gurwood Street and 99 Peter Street increasing significantly in value during the financial year.				

B5-1 Material budget variations (continued)

\$ '000	2024 Budget	2024 Actual	2024 ----- Variance -----	
Expenses				
Employee benefits and on-costs	56,173	49,889	6,284	11% F
Council experienced a reduction in employee benefits and on-cost expenditure due to the number of positions that were vacant in the organisation during the year. This along with a reduction in Workers Compensation claims meant savings in Workers Compensation Premiums for the organisation.				
Materials and services	41,316	46,083	(4,767)	(12)% U
Council experienced additional unbudgeted expenses for materials & services due to increased Roads, Oasis, LMC, Sewer and Solid Waste costs, insurance claims at various locations and the expenditure of grants and contributions that were secured during the year.				
Borrowing costs	3,363	3,411	(48)	(1)% U
Depreciation, amortisation and impairment of non-financial assets	44,292	49,752	(5,460)	(12)% U
Councils depreciation expense exceeding budget for the 2023/24 financial year is a result of increased annual depreciation recognised from the revaluation of its roads, footpaths and bridges asset portfolios in 2022/23.				
Other expenses	1,954	2,957	(1,003)	(51)% U
During 2023/24 Council finalised the arbitration on the distribution of the net assets from its Riverina Regional Library joint venture and dissolved of its share in this joint venture. This resulted in a non-cash expense being recognised of \$830K for 2023/24.				
Net losses from disposal of assets	–	45,386	(45,386)	∞ U

Statement of cash flows

Cash flows from operating activities	75,713	131,964	56,251	74% F
During the 2023/24 financial year, Council received additional grant funding that it had not originally budgeted to receive. This resulted in Council receiving additional funds for its operating activities at 30 June 2024.				
Cash flows from investing activities	(72,078)	(74,967)	(2,889)	4% U
Cash flows from financing activities	2,721	(5,445)	(8,166)	(300)% U
Within its 2023/24 Long Term Financial Plan, Council had originally planned to undertake a significant external loans borrowing program for the 2023/24 financial year. Due to a delay in the commencement and completion of a number of projects that are utilising loan borrowings as a funding source, Council was not required to drawdown on these funds during 2023/24.

Total cash assets, cash equivalents and investments	163,539	125,889	77,653	141,119

Material accounting policy information

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

C1-2 Financial investments (continued)

Classification

On initial recognition, Council classifies its financial assets into the following categories – those measured at:

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income – equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition.

Amortised cost

Council's financial assets measured at amortised cost comprise trade and other receivables, term deposits and cash and cash equivalents in the Statement of Financial Position. Term deposits with an initial term of more than 3 months are classified as investments rather than cash and cash equivalents.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, impairment and gains or loss on de-recognition are recognised in profit or loss.

Financial assets through profit or loss

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss.

Net gains or losses, including any interest or dividend income, are recognised in profit or loss.

Council's financial assets measured at fair value through profit or loss comprise investments of floating rate notes, fixed rate bonds and managed funds in the Statement of Financial Position.

C1-3 Restricted and allocated cash, cash equivalents and investments

\$ '000	2024	2023

Balance at the beginning of the year	200	193
+ new provisions recognised during the year	–	7
– previous impairment losses reversed	(18)	–
Balance at the end of the year	182	200

Material accounting policy information

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

Impairment

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When estimating ECL, Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day 1.

When considering the ECL for rates and annual charges debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Credit losses are measured at the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

Council writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings.

C1-5 Inventories

(1) Renewals are defined as the replacement of existing assets (as opposed to the acquisition of new assets).

C1-7 Infrastructure, property, plant and equipment (continued)

Material accounting policy information

Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes).

When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

Useful lives of IPPE

Land and Artworks are not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

	Useful lives (years)
Equipment, furniture and fittings	1 to 100
Infrastructure:	
– Buildings and other structures	1 to 195
– Roads, bridges and footpaths	10 to 150
– Stormwater drainage	25 to 100
– Sewerage network	5 to 210
– Open space/recreational assets	1 to 50
– Airport infrastructure	3 to 40
– Rail infrastructure	20 to 100
Other assets	1 to 50
Tip, quarry and other remediation assets	2 to 50

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Revaluation model

Infrastructure, property, plant and equipment are held at fair value. Comprehensive valuations are performed at least every 3-5 years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Department of Planning, Industry and Environment – Water.

Increases in the carrying amounts arising on revaluation are credited to the IPPE revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against IPPE revaluation reserve to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

C1-7 Infrastructure, property, plant and equipment (continued)

Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected to recognise land under roads acquired before 1 July 2008 in accordance with AASB 1051. Land under roads acquired after 1 July 2008 is recognised in accordance with AASB 116 - Property, Plant and Equipment.

Council has utilised the Englobo method to value its land under roads. The Englobo valuation method utilises a discount factor of 90% to the market price of the land across the local government area.

Crown reserves

Crown reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

Rural Fire Service assets

Under Section 119 of the *Rural Fire Services Act 1997 (NSW)*, "all firefighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the firefighting equipment has been purchased or constructed".

Council has assessed that they do not control the firefighting equipment associated with the Rural Fire Service and as such has not recognised these assets within these financial statements. Council will continue to not recognise these assets until such time as discussions between local councils and the NSW Government on this matter have concluded and the legislation changed.

Council has recognised, and will continue to recognise, rural fire service buildings that are built on Council owned or managed land.

C1-8 Investment properties

\$ '000	2024	2023
Owned investment property		
Investment property on hand at fair value	4,870	4,540
Total owned investment property	4,870	4,540

C2 Leasing activities

C2-1 Council as a lessee

Council has leases over a range of assets including land and waste collection vehicles. Information relating to the leases in place and associated balances and transactions is provided below.

Terms and conditions of leases

Land and Buildings

Council leases land at Forest Hill for the operation of the Wagga Airport. This lease is for a 30 year period and does not include a renewal option.

Council recently entered into a licence agreement in relation to the use of building facilities for community purposes. This agreement is for a 20 year period and does not include any renewal or extension options.

Plant and Equipment

Council is currently a party to a waste collection contract in which Council directs the use of the collection vehicles. Under this agreement, Council has a right-of-use asset for 10 dedicated collection vehicles with the contract running for a period of 7 years, with 3 x 1 year options.

Extension options

Council has options for lease extensions in its waste collection contract to provide certainty to Council operations. The extension options in Council's waste collection contract are at Council's discretion.

At commencement date and each subsequent reporting date, Council assesses where it is reasonably certain that the extension options will be exercised.

Council has included the potential future lease extension options within its lease liability for the waste collection contract.

Expenses relating to Peppercorn leases	3	3
Lease Liability Payments	355	345
	309	1,293

C2-1 Council as a lessee (continued)

(f) Leases at significantly below market value – concessionary/peppercorn leases

Council has one lease at significantly below market value for the land on which the Museum of the Riverina is located. This lease is a 25 year lease, with renewal option of 25 years and requires a payment of \$2,500 per year.

The use of the right-to-use asset is restricted by the lessors to specified community services which Council must provide, these services are detailed in the leases.

Council does not believe that any of the leases in place are individually material from a statement of financial position or performance perspective.

Material accounting policy information

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives received. The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

Exceptions to lease accounting

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

Leases at significantly below market value/Concessionary leases

Council has elected to measure the right of use asset arising from the concessionary leases at cost which is based on the associated lease liability at initial recognition.

C2-2 Council as a lessor

Operating leases

Council leases out a number of properties to community groups and other organisations; these leases have been classified as operating leases for financial reporting purposes and the assets are included as investment property and/or IPP&E in the Statement of Financial Position.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

\$ '000	2024	2023
---------	------	------

(i) Assets held as investment property

Investment property operating leases relate to Council owned buildings at 36-40 Gurwood St and 99 Peter St, that are currently leased out by Council.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

Lease income (excluding variable lease payments not dependent on an index or rate)	461	379
Total income relating to operating leases for investment property assets	461	379

Operating lease expenses

Investment Property

Direct operating expenses that generated rental income	69	73
Total expenses relating to operating leases	69	73

(ii) Assets held as property, plant and equipment

Council provides operating leases on some Council owned buildings, as well as entering into leaseback arrangements with some staff for use of Council owned vehicles. The table below relates to operating leases on assets disclosed in C1-8.

Lease income (excluding variable lease payments not dependent on an index or rate)	1,201	1,027
Total income relating to operating leases for Council assets	1,201	1,027

Operating lease expenses

Land and Property

Total user fees and charges received in advance		891	—	1,213	—
Total contract liabilities		55,150	—	11,607	—

Notes

(i) Council has received funding to construct assets including sporting facilities, roads, sewer and other infrastructure. The funds received are under an enforceable contract which require Council to construct an identified asset which will be under Council's control on completion. The revenue is recognised as Council constructs the asset and the contract liability reflects the funding received which cannot yet be recognised as revenue. The revenue is expected to be recognised in the next 12 months.

(ii) The contract liability relates to grants received prior to the revenue recognition criteria in AASB 15 being satisfied since the performance obligations are ongoing.

(iii) Upfront membership fees for the Leisure Centre do not meet the definition of a performance obligation and therefore the funds received are recorded as a contract liability on receipt and recognised as revenue over the expected membership life.

(iv) Upfront ticket payments for theatre shows do not meet the definition of a performance obligation and therefore the funds received are recorded as a contract liability on receipt and recognised as revenue once the performance has occurred.

Significant changes in contract liabilities

During the 2023/24 financial year, Council received a significant amount of grant funding in advance including \$48.5M received for Southern and Northern Growth areas development under the Accelerated Infrastructure Funding grant program.

	8,254	8,323

Material accounting policy information

Long-term employee benefit obligations

The liability for long-service leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Additional provisions	1,356	1,356
Remeasurement effects	72	72
Total other provisions at end of year	4,396	4,396

Nature and purpose of provisions

Asset remediation

The asset remediation provision represents the present value estimate of future costs Council will incur to restore, rehabilitate and reinstate the Council tip, quarries and sewerage treatment works as a result of past operations. A provision has also been recognised for the rehabilitation of the former Wiradjuri Landfill site.

Material accounting policy information

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a borrowing cost.

C3-5 Provisions (continued)

Provisions for close-down and restoration, and environmental clean-up costs – tips, quarries and treatment works

Close-down and restoration costs include the dismantling and demolition of infrastructure, and the removal of residual materials and remediation of disturbed areas. Estimated close-down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs. Provisions for close-down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The cost estimates are calculated annually during the life of the operation to reflect known developments, e.g. updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals.

The ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors, including changes to the relevant legal requirements, the emergence of new restoration techniques, or experience at other locations. The expected timing of expenditure can also change, for example in response to changes in quarry reserves or production rates. As a result, there could be significant adjustments to the provision for close down and restoration and environmental clean-up, which would affect future financial results.

Other movements in the provisions for close-down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations, and revisions to discount rates, are capitalised within infrastructure, property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

C4 Reserves

C4-1 Nature and purpose of reserves

IPPE Revaluation reserve

The infrastructure, property, plant and equipment (IPPE) revaluation reserve is used to record increments and decrements in the revaluation of infrastructure, property, plant and equipment.

D Council structure

D1 Results by fund

General fund refers to all Council activities other than sewer. All amounts disclosed in this note are gross i.e. inclusive of internal charges and recoveries made between the funds. Assets and liabilities shown in the sewer column are restricted for use for this activity.

County Councils

Council is a member of the Riverina Water County Council which is a body corporate established under the Local Government Act 1993 (NSW). Riverina Water County Council exists for the construction, operation and maintenance of works of water supply within the Local Government Areas of Greater Hume, Lockhart, Federation and Wagga Wagga. The governing body of Riverina Water County Council is responsible for managing its own affairs.

Council is of the opinion that it neither controls nor significantly influences the Riverina Water County Council and accordingly this entity has not been consolidated or otherwise included within these financial statements.

Material accounting policy information

As at 1 July 2022, Council was no longer a member of the Riverina Regional Library joint venture, as it elected not to enter into the new deed of agreement for this service. During the 2023/24 financial year, the arbitration that Council was a party to for this joint venture was resolved and Council's interest in this joint venture was dissolved.

E Risks and accounting uncertainties

E1-1 Risks relating to financial instruments held

Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance team manages the cash and Investments portfolio with the assistance of independent advisors. Council has an investment policy which complies with the s 625 of the Act and the Ministerial Investment Order. The policy is regularly reviewed by Council and a monthly investment report is provided to Council setting out the make-up performance of the portfolio as required by local government regulations.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance team under policies approved by the Councillors.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

\$ '000	Carrying value 2024	Carrying value 2023	Fair value 2024	Fair value 2023
Financial assets				
Measured at amortised cost				
Cash and cash equivalents	90,695	39,143	90,695	39,143
Receivables ¹	16,301	16,058	16,301	16,058
Investments				
– Debt securities at amortised cost	141,000	132,000	141,000	132,000
Fair value through profit and loss				
Investments				
– Held for trading	57,733	47,629	57,733	47,629
Total financial assets	305,729	234,830	305,729	234,830
Financial liabilities				
Payables	16,465	19,760	16,465	19,760
Loans/advances	52,686	57,775	52,686	57,775
Lease liabilities	1,356	1,710	1,356	1,710
Total financial liabilities	70,507	79,245	70,507	79,245

Fair value is determined as follows:

- Cash and cash equivalents, receivables, payables – are estimated to be the carrying value that approximates market value.
- Borrowings and measure at amortised cost investments – are based upon estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles, unless quoted market prices are available.
- Financial assets classified (i) at fair value through profit and loss or (ii) at fair value through other comprehensive income – are based upon quoted market prices (in active markets for identical investments) at the reporting date or independent valuation.

The risks associated with the financial instruments held are:

- Market risk – interest rate risk – the risk that movements in interest rates could affect returns
- liquidity risk – the risk that Council will not be able to pay its debts as and when they fall due.
- credit risk – the risk that a contracting entity will not complete its obligations under a financial instrument, resulting in a financial loss to the Council.

Council manages these risks by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees. Council also seeks advice from independent advisers before placing any cash and investments.

(1) As per AASB7, Receivables does not include statutory receivables (Net GST Receivable).

E1-1 Risks relating to financial instruments held (continued)

(a) Market risk – interest rate and price risk

\$ '000	2024	2023
The impact on result for the year and equity of a reasonably possible movement in the price of investments held and interest rates is shown below. The reasonably possible movements were determined based on historical movements and economic conditions in place at the reporting date.		
Impact of a 1% movement in interest rates		
– Equity / Income Statement	2,249	2,013
Impact of a 1% movement in price of investments		
– Equity / Income Statement	577	476

(b) Credit risk

Council's major receivables comprise rates, annual charges, user charges and fees.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk other than Council has significant credit risk exposures in its local area given the nature of Council activities.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable in the financial statements.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

Credit risk profile

Receivables – rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to recover these debts as a secured charge over the land; that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages payment.

\$ '000	Not yet overdue	overdue rates and annual charges < 5 years	≥ 5 years	Total
2024				
Gross carrying amount	–	3,983	35	4,018
2023				
Gross carrying amount	–	3,777	27	3,804

E1-1 Risks relating to financial instruments held (continued)

Receivables - non-rates and annual charges

Council applies the simplified approach for non-rates and annual charges debtors to provide for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision. To measure the expected credit losses, non-rates and annual charges debtors have been grouped based on shared credit risk characteristics and the days past due.

\$ '000	Not yet overdue	Overdue debts				Total
		0 - 30 days	31 - 60 days	61 - 90 days	> 91 days	
2024						
Gross carrying amount	14,418	433	145	319	2,145	17,460
Expected loss rate (%)	0.00%	0.00%	0.00%	0.00%	8.48%	1.04%
ECL provision	—	—	—	—	182	182
2023						
Gross carrying amount	17,844	490	912	116	1,023	20,385
Expected loss rate (%)	0.00%	0.00%	0.00%	0.00%	19.52%	0.98%
ECL provision	—	—	—	—	200	200

(c) Liquidity risk

Payables, lease liabilities and borrowings are subject to liquidity risk; this is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can (in extenuating circumstances) also be extended and overdraft facilities utilised as required.

Borrowings are also subject to interest rate risk; the risk that movements in interest rates could adversely affect funding costs. The finance team regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

	Weighted average interest rate	Subject to no maturity	payable in:			Total cash outflows	Actual carrying values
\$ '000			≤ 1 Year	1 - 5 Years	> 5 Years		
2024							
Payables	0.00%	5,000	—	—	—	5,000	16,465
Borrowings	5.28%	—	9,146	29,902	32,760	71,808	52,686
Lease liabilities	0.00%	—	399	1,031	—	1,430	1,356

Total financial liabilities		5,146	24,152	33,368	37,604	100,270	79,245

E2-1 Fair value measurement

The Council measures the following asset classes at fair value on a recurring basis:

- Infrastructure, property, plant and equipment
- Investment property
- Financial assets

Fair value hierarchy

All assets and liabilities measured at fair value are assigned to a level in the fair value hierarchy as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

The table below shows the assigned level for each asset and liability held at fair value by Council:

		Fair value measurement hierarchy					
\$ '000	Notes	Level 2 Significant observable inputs		Level 3 Significant unobservable inputs		Total	
		2024	2023	2024	2023	2024	2023

Valuation techniques

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The fair valuation techniques Council has employed while utilising level 2 and level 3 inputs are as follows:

Financial assets

Wagga Wagga City Council receives monthly valuations and statements from the financial institutions that hold investments on behalf of Council.

There have been no change in valuation techniques during the reporting year.

Investment property

Council currently holds 2 investment properties:

- 36-40 Gurwood Street, Wagga Wagga
- 99 Peter Street, Wagga Wagga

An independent full valuation is undertaken on Council's investment properties on an annual basis, at the end of the financial year. The figure listed in the financial statements are the most up to date valuation.

The properties have been valued using the Market Approach for 2023/24. These properties were valued as at 30/06/2024 by Opteon (Southern Inland NSW), AAPI Certified Practising Valuers.

There have been no change in valuation techniques during the reporting year.

E2-1 Fair value measurement (continued)

Infrastructure, property, plant and equipment (IPPE)

Plant & Equipment

Council's Plant & Equipment, Furniture & Fittings and Office Equipment includes:

- Major Plant - Trucks, street sweepers, graders
- Fleet Vehicles - Cars, Vans, Utes
- Minor Plant - Chainsaws, brushcutters, mowers
- Furniture & Fittings - Desks, chairs, kitchen appliances, furniture
- Office Equipment - Computers, Monitors, Projectors

Plant equipment, office equipment and furniture & fittings are valued internally using depreciated replacement cost.

Council values Plant & Equipment using Level 2 and Level 3 inputs. The unobservable Level 2 and Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition
- Residual Value

There has been no change to the valuation process during the reporting period.

Roads

This asset class includes sealed and unsealed roads, carparks, culverts, kerb and gutter and bus and taxi shelters. Council uses the cost approach to value the roads and associated assets, and has componentised a number of the assets into multiple components.

This asset class was revalued as part of Council's transport assets revaluation, with components of this valuation undertaken both externally and internally during the 2022/23 financial year.

Council values Roads and associated assets using Level 3 inputs. The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Footpaths

The footpath asset class includes all footways (footpaths, shared paths and cycleways) sealed or unsealed, and has been valued using the cost approach.

This asset class was revalued as part of Council's transport assets revaluation, undertaken externally during the 2022/23 financial year.

Council values Footpaths using Level 3 inputs. The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Bridges

The bridges asset class consists of all pedestrian, vehicle access and rail bridges and have been valued using the cost approach.

This asset class was revalued externally during the 2023/24 financial year.

Council values Bridges using Level 3 inputs. The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition
- Asset Age

There has been no change to the valuation process during the reporting period.

E2-1 Fair value measurement (continued)

Operational Land

Council's Operational Land was valued externally by APV Valuers & Asset Management during 2021/22 using both the market value and cost approaches. The valuation took into account only the land component and excluded the added value of any existing structures.

Operational Land has been valued using Level 2 and Level 3 inputs. The unobservable Level 2 input used is the unit rate per square metre or hectare.

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Community Land

Council's Community Land was valued externally by APV Valuers & Asset Management during 2021/22 using both the market value and cost approaches. The valuation took into account the available market evidence for identical and comparable assets and included applying a discount factor to land parcels where a restriction over the use of the land may be applicable.

Community Land has been valued using Level 2 and Level 3 inputs. The unobservable Level 2 input used is the unit rate per square metre or hectare.

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Land under Roads

Land Under Roads was valued internally during 2021/22 using the Englobo method. The value is calculated using the road reserve area of the LGA, the total LGA area and total LGA land site value.

There has been no change to the valuation process during the reporting period.

Buildings

Council's Buildings were valued externally by APV Valuers & Asset Management during 2021/22 using the cost and market approaches. The valuation took into account the components of each individual building.

Council values Buildings using Level 2 and 3 inputs. The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Asset Condition
- Useful Life
- Components

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Other Structures

Council's Other Structures include fences, shelters, shade sails and Livestock Marketing Centre assets.

Other Structures were revalued internally in 2020/21 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Other Assets

Council's Other Assets include fountains, memorials, monuments, lighting, public art, cemetery and solid waste assets.

Other Assets were revalued internally in 2020/21 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

E2-1 Fair value measurement (continued)

Airport Infrastructure

Council's Airport Infrastructure include runways, aprons, taxiways, buildings and other associated assets located at the Wagga Airport. These assets are leasehold improvements on land leased by Council.

Airport Infrastructure were revalued externally in 2019/20 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Stormwater Drainage

The Stormwater Drainage asset class includes stormwater pits, stormwater pipes, channels, detention basins, levee banks, flood gates, gross pollutant traps and stormwater pump stations.

Stormwater Drainage assets were revalued internally in 2019/20 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Sewerage Network

The Sewerage Network asset class includes sewer mains, sewer nodes, pump stations and sewerage treatments plants.

Council's Sewerage Network assets were revalued externally in 2021/22 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Remaining life estimate
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Swimming Pools

Swimming pools includes only the outside 50m pool and the dive pool. The indoor swimming pools are valued in the buildings class with the Aquatic Centre.

Swimming Pools were revalued internally during 2021/22 using the cost approach and Level 3 inputs.

The unobservable Level 3 inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

E2-1 Fair value measurement (continued)

Other Open Space/Recreational Assets

Council's Other Open Space/Recreational Assets class includes playgrounds, irrigation, sports equipment, BBQs, bins, seats, boat ramps and Oasis Regional Aquatic centre assets including filtration equipment, pool blankets, dive boards and energy co-generation system.

Council's Other Open Space/Recreational Assets were revalued internally in 2020/21 using the cost approach and Level 3 inputs.

The Level 3 unobservable inputs used include:

- Gross Replacement Cost
- Estimated useful life of the Asset
- Asset Condition

Council has applied indexation to the fair value of these assets for the 2023/24 financial year.

Artworks

Council's Artworks were externally valued in 2020/21 by Helen Maxwell using market value. The asset class is valued using Level 2 inputs such as comparable market prices and values.

The Artworks asset class includes glass works, prints, paintings, photography, ceramics, books, textiles, drawings and sculptures.

There has been no change to the valuation process during the reporting period.

Quarry Assets

Council utilised an external consultant, GHD Pty Ltd, to produce the remediation cost estimates for the Quarry Assets for 2021/22. This was then reviewed and updated internally by Council staff for the 2023/24 financial year. The majority of Council operated quarries are situated on private land, with two located on Council owned land.

The remediation cost estimates include:

- Mobilisation Costs
- Project Management Costs
- Monitoring Costs

There has been no change to the valuation process during the reporting period.

Tip Remediation Assets

Council utilised an external consultant, GHD Pty Ltd, to produce the remediation cost estimates for the Tip Assets for 2021/22. This was then reviewed and updated internally by Council staff for the 2023/24 financial year. Council currently only operates a landfill at Gregadoo that will need future remediation.

The remediation cost estimates include:

- Mobilisation Costs
- Project Management Costs
- Monitoring Costs

There has been no change to the valuation process during the reporting period.

E2-1 Fair value measurement (continued)

Fair value measurements using significant unobservable inputs (level 3)

A reconciliation of the movements in recurring fair value measurements allocated to Level 3 of the hierarchy is provided below:

Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

E3-1 Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

LIABILITIES NOT RECOGNISED

1. Guarantees

(i) Defined benefit superannuation contribution plans

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme, named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a 'multi-employer fund' for purposes of AASB119 Employee Benefits for the following reasons:

- Assets are not segregated within the sub-group according to the employees of each sponsoring employer.
- The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.
- Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer.
- The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

Description of the funding arrangements.

Pooled Employers are required to pay future service employer contributions and past service employer contributions to the Fund.

The future service employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current future service employer contribution rates are:

Division B	1.9 times member contributions for non-180 Point Members; Nil for 180 Point Members*
Division C	2.5% salaries
Division D	1.64 times member contributions

* For 180 Point Members, Employers are required to contribute 8.5% of salaries for the year ending 30 June 2024 (increasing to 9.0% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The past service contribution for each Pooled Employer is a share of the total past service contributions of \$20.0 million per annum for 1 January 2022 to 31 December 2024, apportioned according to each employer's share of the accrued liabilities as at 30 June 2023. These past service contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

Description of the extent to which Council can be liable to the plan for other Council's obligations under the terms and conditions of the multi-employer plan

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding past service contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the Council. There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up. There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

The amount of Council employer contributions to the defined benefit section of the Local Government Superannuation Scheme and recognised as an expense for the year ending 30 June 2023 was \$207,913.44. The last formal valuation of the Scheme was undertaken by fund actuary, Richard Boyfield, FIAA as at 30 June 2023.

E3-1 Contingencies (continued)

Council's expected contribution to the plan for the next annual reporting period is \$104,547.84.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2024 is:

Employer reserves only *	\$millions	Asset Coverage
Assets	2,237.5	
Past Service Liabilities	2,141.9	104.5%
Vested Benefits	2,159.8	103.6%

* excluding member accounts and reserves in both assets and liabilities.

The share of any funding surplus or deficit that can be attributed to Council is 0.79%.

Council's share of that deficiency cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils. For this reason, no liability for the deficiency has been recognised in Council's accounts. Council has a possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

Investment return	6.0% per annum
Salary inflation	3.5% per annum
Increase in CPI	3.5% for FY 23/24 2.5% per annum thereafter

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group.

Please note that the estimated employer reserves financial position above is a preliminary calculation, and once all the relevant information has been received by the Funds Actuary, the final end of year review, which will be a triennial actuarial investigation will be completed by December 2024.

(ii) Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30 June this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

(iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW local government industry and specifically Council.

Council has a contingent liability to contribute further equity in the event of the erosion of the company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

These future equity contributions would be required to maintain the company's minimum level of net assets in accordance with its licence requirements.

(iv) Other guarantees

Council has provided no guarantees other than those listed above.

E3-1 Contingencies (continued)

2. Other liabilities

(i) Third party claims

Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its insurance coverage and does not expect any material liabilities to eventuate.

(ii) Potential land acquisitions due to planning restrictions imposed by Council

Council has classified a number of privately owned land parcels as local open space or bushland.

As a result, where notified in writing by the various owners, Council will be required to purchase these land parcels.

(iii) Potential land remediation

Council has identified a number of land parcels that it may be required to remediate in the future.

Due to this intrinsic high risk involved in remediation projects, there may be associated costs with groundwater and other contamination issues that may not have been apparent at the completion of the project.

Council, to date, has not made any provision in relation to the above issues, that may or may not occur in the future. Provision for these costs will be made, if deemed necessary in the future.

(iv) Sewerage Treatment Plants future remediation

Council has identified that it has a future requirement to close and remediate the land on which its Sewerage Treatment Plants operate.

Due to the uncertainty regarding the timing of these requirements, Council, to date, has not made any provision for this closure and remediation. Provision for these costs will be made when deemed necessary in the future.

ASSETS NOT RECOGNISED

(i) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

F People and relationships

F1 Related party disclosures

F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the Council are those persons having the authority and responsibility for planning, directing and controlling the activities of the Council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

\$ '000	2024	2023
Compensation:		
Short-term benefits	2,445	2,303
Post-employment benefits	205	178
Other long-term benefits	38	55
Total	2,688	2,536

Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. access to library or Council swimming pool by KMP) will not be disclosed.

Nature of the transaction			Outstanding balances including commitments	Terms and conditions	Impairment provision on outstanding balances	Impairment expense

End of the audited financial statements

H Additional Council disclosures (unaudited)

H1-1 Statement of performance measures – consolidated results (graphs)

1. Operating performance ratio

Purpose of operating performance ratio

This ratio measures Council's achievement of containing operating expenditure within operating revenue.

Commentary on 2023/24 result

2023/24 ratio (4.63)%

Council's operating performance ratio has decreased from 1.43% in 2022/23 to -4.63% in 2023/24. This decrease is mainly a result of Council receiving one-off payments for operating grants during 2022/23, as well as Council's advanced financial assistance grant payment reducing from 100% to 85% for the 2023/24 and 2024/25 advanced payments made.

Benchmark: — > 0.00%

Ratio achieves benchmark

Ratio is outside benchmark

2. Own source operating revenue ratio

Purpose of own source operating revenue ratio

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions.

Commentary on 2023/24 result

2023/24 ratio 66.24%

Council's own source operating revenue ratio has improved for 2023/24, up from 61.70% in 2022/23 to 66.24% in 2023/24. This improvement is a result of Council receiving less one-off grant payments during 2023/24, when compared to previous years.

Benchmark: — > 60.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

3. Unrestricted current ratio

Purpose of unrestricted current ratio

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council.

Commentary on 2023/24 result

2023/24 ratio 4.07x

Council's unrestricted current ratio of 4.07x indicates that it continues to have sufficient unrestricted current assets available to service any short term liabilities as they arise. This result demonstrates Council's continued ability to satisfy its short term obligations as they arise.

Benchmark: — > 1.50x

4. Debt service cover ratio

Purpose of debt service cover ratio

This ratio measures the availability of operating cash to service debt including interest, principal and lease payments

Commentary on 2023/24 result

2023/24 ratio 4.63x

Council's debt service cover ratio has increased for 2023/24, up to 4.63x from 3.46x in 2022/23. This increase is a result of decreased principal repayments for external loan borrowings.

Benchmark: — > 2.00x

5. Rates and annual charges outstanding percentage

Purpose of rates and annual charges outstanding percentage

To assess the impact of uncollected rates and annual charges on Council's liquidity and the adequacy of recovery efforts.

Commentary on 2023/24 result

2023/24 ratio 5.33%

As at 30 June 2024, Council had 5.33% of its rates and annual charges outstanding which is a slight increase from the 5.17% outstanding at 30 June 2023. Council continues to be well below the benchmark of 10.00% for the rural area.

Benchmark: — < 10.00%

INDEPENDENT AUDITOR'S REPORT

Report on the general purpose financial statements

Wagga Wagga City Council

To the Councillors of Wagga Wagga City Council

Opinion

I have audited the accompanying financial statements of Wagga Wagga City Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2024, the Statement of Financial Position as at 30 June 2024, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

In my opinion:

- the Council's accounting records have been kept in accordance with the requirements of the *Local Government Act 1993*, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
 - have been prepared, in all material respects, in accordance with the requirements of this Division
 - are consistent with the Council's accounting records
 - present fairly, in all material respects, the financial position of the Council as at 30 June 2024, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993* and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 'Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

30 October 2024

Dear Mayor

**Report on the Conduct of the Audit
for the year ended 30 June 2024
Wagga Wagga City Council**

I have audited the general purpose financial statements (GPFS) of the Wagga Wagga City Council (the Council) for the year ended 30 June 2024 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed an unmodified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2024 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

INCOME STATEMENT

Operating result

	2024	2023	Variance
	\$m	\$m	%
Rates and annual charges revenue	78.5	75.2	4.4%
Grants and contributions revenue	65.5	72.2	9.3%
Operating result from continuing operations	(2.7)	41.1	106.6%
Net operating result before capital grants and contributions	(52.0)	(6.1)	752.5%

Rates and annual charges revenue (\$78.5 million) increased by \$3.3 million (4.4%) in 2023–24 due to rate peg increase of 3.8%.

Grants and contributions revenue (\$65.5 million) decreased by \$6.7 million (9.3%) in 2023–24 due to:

- a decrease of \$6.9 million in economic development, and \$1.3 million decrease in recreation and culture cash grants received during the year
- increase of \$3.4 million of developer contributions received for capital purposes
- a decrease of \$3.9 million of financial assistance received during the year. Council received 85% of the financial assistance grants for 2024–25 in advance (100% in 2023–24).

Council's operating result from continuing operations was a deficit of \$2.7 million (including depreciation, amortisation and impairment expense of \$49.8 million) was \$43.8 million lower than the 2022–23 result. This is mainly due to \$36.7 million increase in the net loss from disposal of assets.

The net operating result before capital grants and contributions was a deficit \$52.0 million which was \$45.9 million lower than the 2022–23 result. This is mainly due to the \$36.7 million increase in the net loss from disposal of assets and \$8.9 million decrease in grants and contributions provided for operating purposes.

STATEMENT OF CASH FLOWS

- Council's cash and cash equivalents was \$90.7 million (\$39.1 million for year ended 30 June 2023). There was a net increase of \$51.6 million on 30 June 2024, which was mainly due to receipt of \$48.5 million advance grant funding for the Accelerated Infrastructure Fund in late June.
- Net cash inflows from operating activities increased by \$38.3 million mainly due to an increase in grants and contributions received.
- Net cash outflows from investing activities increased by \$8.0 million mainly due a reduction in proceeds from sale of IPPE.
- Net cash outflows used in financing activities decreased by \$5.2 million, mainly due to a decrease in repayment of borrowings of \$3.6 million.

FINANCIAL POSITION

Cash and investments

Cash and investments	2024	2023	Commentary
	\$m	\$m	
Total cash, cash equivalents and investments	289.4	218.8	<ul style="list-style-type: none"> Externally restricted cash and investments are restricted in their use by externally imposed requirements. Council's externally restricted cash and investments increased by \$58.6 million, mainly due to the increase in specific purpose unexpended grants (general fund) and sewer fund Internally restricted cash and investments have been restricted in their use by resolution or policy of Council to reflect identified programs of works and any forward plans identified by Council. Council's internally restricted cash and investments have increased by \$12.0 million. This is primarily due to the increase in allocations related to building, civil infrastructure and plant.
Restricted and allocated cash, cash equivalents and investments:			
• External restrictions	199.7	141.1	
• Internal allocations	78.3	66.3	

Debt

At 30 June 2024, the Council had \$52.7 million in secured loans (\$57.8 million in 2022–23), a \$0.5 million bank overdraft facility and a \$0.5 million credit card facility which it did not use during the financial year.

PERFORMANCE

Performance measures

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning, Housing and Infrastructure.

Operating performance ratio

Council did not meet the benchmark for the current reporting period.

The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The operating performance ratio has decreased mainly due Council receiving one-off payments for operating grants during 2022–23, as well as Council's advanced financial assistance grant payment reducing from 100% to 85% for the 2023–24 and 2024–25 advanced payments made.

Own source operating revenue ratio

Council exceeded the benchmark for the current reporting period.

The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60%. The own source operating revenue ratio has increased mainly due Council receiving less one-off grant payments during 2023–24, when compared to previous years.

Unrestricted current ratio

Council exceeded the benchmark for the current reporting period.

The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times. The Council's liquidity ratio of 4.07 times is greater than the industry benchmark minimum of greater than 1.5 times. The Council's unrestricted current ratio has increased compared with the prior year mainly due to the \$51.6 million increase in cash and cash equivalents and a \$34.3 million increase in investment balances.

Debt service cover ratio

The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times. The Council's debt service cover ratio of 4.63 times is higher than the industry benchmark of greater than 2 times. The ratio has increased compared with the prior year mainly due to the reduction in repayment of borrowing in this year.

Rates and annual charges outstanding percentage

Council met the benchmark for the current reporting period.

The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The Council's rates and annual charges outstanding percentage of 5.33% is within the industry benchmark of less than 10% for regional councils. The ratio remains consistent with the prior year.

Cash expense cover ratio

This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months. The ratio increased from the prior year due to an increased cash and cash equivalents balance at 30 June 2024.

Infrastructure, property, plant and equipment renewals

Council renewed \$42.2 million of infrastructure, property, plant and equipment during the 2023–24 financial year. This was mainly spent on roads. A further \$19.6 million was spent on new assets mainly relating to infrastructure assets.

OTHER MATTERS

Legislative compliance

My audit procedures did not identify any instances of material non-compliance with the financial reporting requirements in Chapter 13, Part 3, Division 2 of the LG Act and the associated regulation or a material deficiency in the Council's accounting records or financial statements. The Council's:

- accounting records were maintained in a manner and form to allow the GPFS to be prepared and effectively audited
- staff provided all accounting records and information relevant to the audit.

Note – Material accounting policy information	10
Auditor's Report on Special Purpose Financial Statements	13

Background

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.

Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.

- iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.

These include **(a)** those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and **(b)** those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).

- iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must **(a)** adopt a corporatisation model and **(b)** apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

Wagga Wagga City Council

Special Purpose Financial Statements

for the year ended 30 June 2024

Statement by Councillors and Management

Statement by Councillors and Management

made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

The attached Special Purpose Financial Statements have been prepared in accordance with:

- the NSW Government Policy Statement, *Application of National Competition Policy to Local Government*
- the Division of Local Government Guidelines *Pricing and Costing for Council Businesses: A Guide to Competitive Neutrality*
- the Local Government Code of Accounting Practice and Financial Reporting
- Sections 3 and 4 of the NSW Department of Climate Change, Energy, the Environment and Water's (DCCEEW) *Regulatory and assurance framework for local water utilities, July 2022*

To the best of our knowledge and belief, these statements:

- present fairly the operating result and financial position for each of Council's declared business activities for the year,
- accord with Council's accounting and other records; and
- present overhead reallocation charges to the sewerage businesses as fair and reasonable.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2024.

Note – Material accounting policy information

A statement summarising the supplemental accounting policies adopted in the preparation of the special purpose financial statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these special purpose financial statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with the *Local Government Act 1993* (Act), the *Local Government (General) Regulation 2022* (Regulation) and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, fair value of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

National Competition Policy

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. *The Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, and returns on investments (rate of return and dividends paid).

Declared business activities

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality*, Council has declared that the following are to be considered as business activities:

Category 1

(where gross operating turnover is over \$2 million)

a. Sewerage Operations

Sewerage reticulation and treatment systems servicing the City of Wagga Wagga.

b. Livestock Marketing Centre

Council's Livestock Marketing Centre.

c. Wagga Airport

Wagga Wagga City Airport facility.

Taxation equivalent charges

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes, which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in special purpose financial statements. For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

Notional rate applied (%)

Corporate income tax rate – **25%** (22/23 25%)

Note – Material accounting policy information (continued)

Land tax – the first \$1,075,000 of combined land values attracts **0%**. For the combined land values in excess of \$1,075,000 up to \$6,571,000 the rate is **\$100 + 1.6%**. For the remaining combined land value that exceeds \$6,571,000 a premium marginal rate of **2.0%** applies.

Payroll tax – **5.45%** on the value of taxable salaries and wages in excess of \$1,200,000.

In accordance with DCCEEW's regulatory and assurance framework, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

The payment of taxation equivalent charges, referred to in the regulatory and assurance framework as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the Act.

Achievement of substantial compliance to DCCEEW's regulatory and assurance framework is not a prerequisite for the payment of the tax equivalent charges; however the payment must not exceed \$3 per assessment.

Income tax

An income tax equivalent has been applied on the profits of the business activities. Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level – gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the relevant corporate income tax rate, currently 25%.

Income tax is only applied where a gain from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to the 'Council' as the owner of business operations – it represents an internal payment and has no effect on the operations of the Council.

Accordingly, there is no need for disclosure of internal charges in the SPFS. The rate applied of 25% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

Local government rates and charges

A calculation of the equivalent rates and charges for all Category 1 businesses has been applied to all assets owned, or exclusively used by the business activity.

Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that Council business activities face 'true' commercial borrowing costs in line with private sector competitors. In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

(i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed. Subsidies occur where Council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations. The overall effect of subsidies is contained within the Income Statements of business activities.

(ii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Funds are subsequently available for meeting commitments or financing future investment strategies. The rate of return is disclosed for each of Council's business activities on the Income Statement.

The rate of return is calculated as follows:

Operating result before capital income + interest expense

Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 4.30% at 30/6/24.

Note – Material accounting policy information (continued)

(iii) Dividends

Council is not required to pay dividends to either itself as owner of a range of businesses, or to any external entities.

A local government water supply and sewerage business is permitted to pay annual dividends from their water supply or sewerage business surpluses. Each dividend must be calculated and approved in accordance with DCCEEW's regulatory and assurance framework and must not exceed 50% of the relevant surplus in any one year, or the number of water supply or sewerage assessments at 30 June 2024 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with DCCEEW's regulatory and assurance framework, statement of compliance and statement of dividend payment, dividend payment form and unqualified independent financial audit report are submitted to DCCEEW.

INDEPENDENT AUDITOR'S REPORT

Report on the special purpose financial statements

Wagga Wagga City Council

To the Councillors of Wagga Wagga City Council

Opinion

I have audited the accompanying special purpose financial statements (the financial statements) of Wagga Wagga City Council's (the Council) Declared Business Activities, which comprise the Statement by Councillors and Management, the Income Statement of each Declared Business Activity for the year ended 30 June 2024, the Statement of Financial Position of each Declared Business Activity as at 30 June 2024 and the Material accounting policy information note.

The Declared Business Activities of the Council are:

- Sewerage Business Activity
- Livestock Marketing Centre
- Wagga Airport.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's declared Business Activities as at 30 June 2024, and their financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Material accounting policy information note and the Local Government Code of Accounting Practice and Financial Reporting 2023–24 (LG Code).

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to the Material accounting policy information note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Material accounting policy information note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

Contents	Page
Special Schedules:	
Permissible income for general rates	3
Report on infrastructure assets as at 30 June 2024	7

Wagga Wagga City Council

Permissible income for general rates

\$ '000	Notes	Calculation 2023/24	Calculation 2024/25
Notional general income calculation ¹			
Last year notional general income yield	a	47,729	49,785
Plus or minus adjustments ²	b	338	152
Notional general income	$c = a + b$	48,067	49,937
Permissible income calculation			
Percentage increase	d	3.80%	5.00%
Less expiring special variation amount	e	—	—
Plus percentage increase amount ³	$f = d \times (c + e)$	1,827	2,497
Sub-total	$g = (c + e + f)$	49,894	52,434
Plus (or minus) last year's carry forward total	h	16	125
Less valuation objections claimed in the previous year	i	—	—
Sub-total	$j = (h + i)$	16	125
Total permissible income	$k = g + j$	49,910	52,559
Less notional general income yield	l	49,785	52,469
Catch-up or (excess) result	$m = k - l$	125	90
Plus income lost due to valuation objections claimed ⁴	n	—	—
Carry forward to next year ⁶	$p = m + n + o$	125	90

Notes

- (1) The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.
- (2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.
- (3) The 'percentage increase' is inclusive of the rate-peg percentage, and/or special variation and/or Crown land adjustment (where applicable).
- (4) Valuation objections are unexpected changes in land values as a result of land owners successfully objecting to the land value issued by the Valuer General. Councils can claim the value of the income lost due to valuation objections in any single year.
- (6) Carry-forward amounts which are in excess (an amount that exceeds the permissible income) require Ministerial approval by order published in the *NSW Government Gazette* in accordance with section 512 of the Act. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

INDEPENDENT AUDITOR'S REPORT

Special Schedule – Permissible income for general rates

Wagga Wagga City Council

To the Councillors of Wagga Wagga City Council

Opinion

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Wagga Wagga City Council (the Council) for the year ending 30 June 2025.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2023–24 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2024.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar8.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.
