Sewer Service Diagram Disclaimer: This diagram indicates the availability of sewer and sewerage services only, as recorded in Council's records. The position and boundaries shown are approximate only and may have been derived from original building plans. Discrepancies may occur due to amendments, line types, or unapproved works. Prior to commencing any building work, it is recommended that the location of all drainage lines be confirmed.

Section 10.7 (2&5) - No general information is available other than that provided under section 10.7 (2). If you require research on a specific matter for the purpose of a S10.7(5) please contact us.

Office Use Only
